EDUCATION

- **B V Raju Institute of Technology** — Telangana, India
  Bachelor of Technology - Computer Science and Engineering; GPA: 9.46 — *November 2022 - May 2026*
  Courses: *Operating Systems, Data Structures, Computer Networks, Artificial Intelligence, Database Management System*

- **Narayana Junior College** — Telangana, India
  Intermediate - MPC; Percentage: 98.6 — *May 2020 - May 2022*
  Courses: *Mathematics, Physics, Chemistry*

- **St. Mary's Vidyaniketan High School - CBSE** — Telangana, India
  CBSE; Percentage: 78.6 — *March 2019 - March 2020*
  Courses: *Mathematics, Physics, Chemistry, Social Studies*

SKILLS SUMMARY

- **Languages:** Python, C, SQL, JAVA
- **Web Development:** HTML, CSS, JavaScript
- **Tools:** Visual Studio, Github, Eclipse
- **Soft Skills:** Communication, Problem Solving, Writing, Hardworking, Time Management

PROJECTS

- **Real Time Periocular Based Face Recognition System:** Developed a real-time periocular-based face recognition system, enhancing security under varying conditions Tech: Python (September '24)

- **AI-Powered Information Extractor (Streamlit, Google Gemini, Web Scraping):** Developed an AI-powered web application for extracting specific information from uploaded CSV files by leveraging Google Gemini API for insights generation and web scraping for content extraction. Tech: Python, Streamlit, BeautifulSoup, Google Gemini API, Pandas. (November '24)

PUBLICATIONS

- **Conference Paper: Real Time Periocular Based Face Recognition System** : Published in IEEE in 2024 Tech: Python (September '24)

LANGUAGES KNOWN

- English
- Telugu
- Hindi

CERTIFICATIONS

- **Partner:CLA-Programming Essentials in C** - CISCO *2023*
- **Problem Solving Through Programming In C** - NPTEL *2023*
- **Introduction to Python** - Sololearn *2023*
- **Partner:PCAP-Programming Essentials in Python** - CISCO *2023*
- **Database Programming with SQL** - Oracle academy *2023*
- **Introduction to Java** - Sololearn *2024*
- **Programming In Java** - NPTEL *2024*
- **Java Foundations** - Oracle academy *2024*

ACHIEVEMENTS

- Achieved advancement to round 2 in the "Yukthi Hackathon" by showcasing exceptional problem-solving and coding skills.
- Chosen to participate in the Smart India Hackathon internals, demonstrating robust innovation and technical expertise.
